TERMS

This List Cancels All Previous Offers.

DISCLAIMER: The Atlantic Horticultural Company gives no warranty, expressed or implied, as to description, quality, productiveness, or any other matter of any seeds, bulbs or plants they send out, and they will in no way be responsible for the crop.

PRICES: Are f. o. b. Waycross, Georgia, on all seeds, and such bulbs as are not offered f. o. b. Pacific Coast or Chicago and New York. Prices subject to change without notice:

ORDERS: Are accepted subject to prior sale, change, or cancellation in case of loss in transit or crop failure due to frost, fire, flood or other contingencies beyond our control.

PACKING: Is charged at net cost on all seeds and bulbs, except ounce and packet lots of seeds, but tree and shrub seeds are packed free where cash accompanies order. We charge for packing at cost on C.O.D. and charge orders.

POSTAGE: Allow 10c pound for postage on orders East of the Rocky Mountains, and 14c pound West of the Rocky Mountains. Foreign Postage is 14c pound to all countries, and in addition many countries require payment of a surtax. Be sure to include this in your remittance.

PAYMENT: Our prices are calculated on a strictly cash basis. We allow 5% discount where cash accompanies order. Please include 10c extra on checks for exchange, unless certified, or cashier's checks. No discount allowed on C.O.D. orders, unless accompanied by 25% of the amount of order as deposit. No bulbs shipped C.O.D. without this 25% deposit.

ACCOUNTS: Are extended only to large established Trade Members, Municipal, County, State and Foreign Governments, Colleges, Institutions, and Universities, and various departments of the U. S. Government.

STOCKS: We carry in stock fresh seeds in season of most all the Trees and Shrubs we list, but we cannot anticipate planting requirements of the Trade which often exhausts our supplies after it is too late to obtain more seeds of a variety from abroad. Most seed collectors gather up only what they have orders for. The wise grower will therefore place his order in the fall or in advance of planting season, to save disappointment. We carry but a few tropical and greenhouse seeds in stock, as they perish quickly, so please allow 60 days or more for obtaining such items. Fruit Tree seeds are perishable also and should be ordered in the fall. Peach seed, acorns, hickory nut, walnut, etc., are worthless unless ordered and sown in the fall or early winter. We obtain fresh Palm seeds to order from our California collectors as required, except Kentia, Latania, Cocos Weddelliana, Phoenix Roebelinii, are imported already stratified in coconut fibre against your order. Royal Palm, Cycas Revoluta, and Sabal Palmetto are supplied from Florida sources. Be on the safe side and order in advance, and you will get fresher seeds than the other fellow who procrastinates till sowing time and takes what he can get from jobbers in the large cities without knowing the reliability of his seeds.
